C.13.2 For the purposes of what set forth by the present article, the Seller declares:

- (i) to have carefully read, prior to the execution of the Contract, to accept and to undertake to observe the CPPC, as contained in Exhibit 8 to the Contract;
- (ii) to acknowledge and accept that the Customer Protection Plan is provided free of charge to the Purchaser, and consequently no expenses will be charged to the latter in connection with it;
- (iii) to undertake to make available to the Purchaser the CPPC, in Italian language, prior to the conclusion of the Purchase Contract, and provide them to the same in Italian language on a durable medium after the conclusion of said contract and prior to its performance;
- (iv) to undertake to provide the Purchaser, with any other information in Italian language on the Customer Protection Plan, upon mere request by the Purchaser and, in any case, at any time it may be necessary or useful;
- (v) to acknowledge and to accept that – except for the cases in which the Purchaser seeks to obtain/ obtains undue double indemnities, refunds, compensations or any other benefit or advantage – the Customer Protection Plan does not replace, restrict or cause prejudice to, and does not exclude, the rights and remedies granted to the Purchaser by the Applicable Laws (and most notably the Right of Withdrawal and the Legal Guarantee of Conformity) and that the Purchaser, at the conditions set forth by the Applicable Laws, is always entitled to exercise or receive. The CPP does not replace, restrict, cause prejudice to and/ or exclude any rights, remedies, conventional guarantees and/or further assistance from which the Purchaser may benefit under the Seller's T&CS, and that consequently the Seller might be required to fulfil both the obligations vis- à-vis the Purchaser set forth by the Applicable Laws, this Contract, the Purchase Contract and/or the Seller's T&CS, and the obligations arising from the decision adopted by PB Online Srl in connection with any claims submitted via the Customer Protection Plan, if any;
- (vi) to acknowledge and accept that, under the Customer Protection Plan, PB Online Srl is the only entity in charge of setting the Purchaser's claims and that PB Online Srl is entitled to set the claim at its sole discretion, according to any criteria that PB Online Srl may deem appropriate; consequently the Seller undertakes to accept, respect and comply with the settlement made by PB Online Srl and fulfil any obligations and/ or requirements arising from it, without any possibility of questioning and/or challenging it;
- (vii) to acknowledge and accept that the language of the Customer Protection Plan (and therefore, including but not limited to, all the communications provided therein) is exclusively the Italian language.

C.13.3 C.13.3 Without prejudice to what set forth by art. C.13.4 below, the Customer Protection Plan

can be activated by the Purchaser exclusively in the following circumstances

- (i) Product Sold not received: the Product Sold has not been received by the Purchaser within 3 (three) days following the date of delivery indicated in the order confirmation email received by the Purchaser, or in any case within thirty (30) days of the date of conclusion of the Purchase Contract, as indicated based on the Seller's T&CS;
 - (ii) Product Sold materially different from the description published on the Product Page contained in the Catalogue: the Product Sold received by the Purchaser is materially different from the description of the product itself, as published by the Seller in the Product Page of the Catalogue. "Product Page" means the informational page showing the main characteristics of each Product; "Product Sold materially different from the description published on the Product Page contained in the Catalogue" ("PSMD") means a Product which is essentially different from the description of the product itself, as published by the Seller in the relevant Product Page of the Catalogue.
- By way of example only, a PSMD is:
- a Product Sold which is totally different from that described on the relevant Product Page (e.g. I bought a mixer but I received an iron);
 - a Product Sold without some parts or accessories, whose absence has not been indicated by the Seller on the relevant Product Page;
 - a parcel containing only the original packaging of the Product Sold, but not the Product Sold itself (e.g. I bought a mobile phone, but the parcel delivered contains only the original box of the phone, without the device). Without prejudice to the Right of Withdrawal inuring to the benefit of the consumers by the Consumer Code, and to any other rights and reliefs inuring to the benefit of the consumers by law, the following, without limitation, cannot be considered PSMD:
 - Products Sold that show only formal and not material differences with respect to the description on the relevant Product Page;
 - Products Sold correctly described on the Product Page, but which the Purchaser no longer wishes to have, after receiving them;
 - Products Sold correctly described on the Product Page, but which do not meet the Purchaser's expectations;
 - (iii) Failed or partial refund: for the settlement of a preventive claim made by the Purchaser vis-à-vis the Seller and/or at any other title (e.g. subsequently to the Purchaser's withdrawal from the Purchase Contract; as a consequence of the activation of one of the voluntary procedures under the Seller's T&CS, etc.), the Seller has accepted to make a refund in favour of the Purchaser, but failed to do so by the date agreed upon with the same, and in any case within 7 days of the day on which the refund due was agreed with the Purchaser, or has refunded an amount that is lower than the sum agreed upon with the Purchaser.

C.13.4 The activation of the Customer Protection Plan is not allowed:

- (i) in connection with Products Sold whose Total Purchase Price, as indicated in the order confirmation email received by the Purchaser, exceeds Euro 2,500;
- (ii) in connection with Products Sold paid for by credit card, and in respect of whose payment the holder of the credit card used for the payment has rejected or not authorised the relevant payment order;
- (ii) in connection with Products Sold of which the Purchaser has rejected the delivery, if the return shipment of the Product Sold rejected by the Purchaser cannot be tracked;
- (iv) in connection with goods and/or Products Sold other than the physical goods specifically identified at the time of the relevant purchase and not personalised, and consequently by way of example only, in connection with intangible items, services, personalised items, access to digital content, subscription services and the like, objects equivalent to cash (including, inter alia, vouchers and gift cards), etc. On the relevant Product Page devoted to each Product, the Seller shall indicate if the Customer Protection Plan is excluded for said Product; should the Seller not indicate such exclusion, the Customer Protection Plan shall apply to said Product, and the Seller will be bound by any obligations and/or performance deriving therefrom.

C.13.5 Should the Purchaser send an activation request to PB Online Srl in connection with the Customer Protection Plan, PB Online Srl will preliminarily check that it is compliant to what set forth in the CPPC. In case of favourable outcome, PB Online Srl will inform the Seller, through the Platform, that in connection with a specific Product Sold and a consequent claim submitted by the Purchaser and for which the Seller failed to send a reply within 7 business days of its shipment, the Customer Protection Plan has been activated; said communication will also indicate the date by which the investigation phase of the claim will be considered ended, and the maximum duration of the Customer Protection procedure ("CPP Start Notice"). Conversely, in the event that PB Online Srl deems that the activation request submitted by the Purchaser cannot be accepted, PB Online Srl will inform the Seller, through the Platform, that an activation request had been made in connection with the Customer Protection Plan.

C.13.6 As a consequence of the CPP Start Notice, PB Online Srl will start the relevant investigation. In the course of said phase, PB Online Srl may request that both the Seller and the Purchaser provide documentation (including but not limited to receipts, transport documents, delivery notes, bank statements, emails, letters, recordings, third party's opinions, minutes written by the competent public safety authorities, photographs, etc.) in defence of their respective positions. Documents containing incomplete, partial, illegible information, or information provided by the same party intending to provide evidence of a specific circumstance will be assessed very carefully by PB Online Srl, and may be deemed not usable by the latter for the purposes of the Customer Protection procedure, and consequently not taken into account.

Most notably, the following may be requested:

- (i) in the event under art. C.13.3(i),

- with respect to the Seller: a document tracking the shipment made to the Purchaser; the documents, if any, evidencing the delivery made (the so-called POD), the absence of the addressee, and/or the reshipment of the Product Sold to the Seller as a consequence of the failed delivery to the addressee, and the tracking of said reshipment; with respect to the Purchaser: the report, if made, to the competent public safety authorities evidencing the failed delivery of the Product Sold and/or the Purchaser's disallowance of any signature placed in the name of the same in any document concerning the delivery of the Product Sold; clear and convincing evidence showing the failed delivery of the Product Sold, if any;
- (ii) in the case under art. C.13.3 (ii), with respect to the Seller: a document tracking the shipment to the Purchaser; insurance policies, if any; documents and pictures evidencing the condition and content of the parcel in which the Product Sold had been put, and/or the reshipment of the Product Sold to the Seller by the addressee and the tracking of said reshipment; with respect to the Purchaser: the report, if made, to the competent public safety authorities (e.g. concerning the absence of the Product Sold inside the parcel with which the same had been delivered and/or the Purchaser's disallowance of any signatures placed in the name of the same in any document concerning the delivery of the Product Sold); if significant, the original package of the Product Sold;
- (iii) in the case under Art. C.13.3 (iii), with respect to the Seller: the documents, if any, evidencing the refund made and the relevant amount, and/or the reshipment of the Product Sold to the Seller and the tracking of said reshipment; with respect to the Purchaser: the report, if made, to the competent public safety authorities (e.g. concerning the failed refund); evidence showing the failed refund, if any. If necessary, PB Online Srl may also request that the Seller or the Purchaser make available to PB Online Srl, or make available to the Seller or to a third party at hand, the Product Sold in connection with which the Customer Protection procedure has been activated. Said request will be met at the expenses and through the effort of the party to which PB Online Srl makes such a request. The investigation hereunder must be closed by and no later than the date indicated by PB Online Srl pursuant to Art. C.13.5. After such deadline, neither the Seller nor the Purchaser may send any requests, statements, documents, materials of any kind or any other communications to PB Online Srl.
- C.13.7 Once the investigation is completed, PB Online Srl will issue, by the date indicated by the same pursuant to Art. C.13.5, a final decision which may be in favour of the Purchaser or the Seller. The Seller and the Purchaser will be informed of such decision by email and, whenever required, confirmed by PEC or registered letter with acknowledgement receipt within 5 business days of the shipment of the aforesaid email. Both in the event that PB Online Srl's decision is favourable to the Seller and in the circumstance that it is favourable to the Purchaser, any expenses and/or costs incurred by the parties in connection with the activation and management of the Customer Protection procedure, the relevant investigation, and the implementation of PB Online Srl's decision,

will be borne by the same, within the limits of their responsibility. Under no circumstances will PB Online Srl make refunds, pay compensations, use offsets, or pay indemnities of any kind to the Seller, the Purchasers or to any third parties. In the event that matter is resolved favourably for the Purchaser, and in its final decision PB Online Srl orders that the Seller refund the Purchaser, the former accepts, unless otherwise indicated, that the refund includes the Total Purchaser Price for the Product Sold, as shown by the order confirmation email received by the Purchaser. Moreover, in any case in which a refund is ordered to the benefit of the Purchaser, the Seller accepts – and undertakes – to comply by the deadline and in accordance with the conditions and modalities indicated by PB Online Srl in its decision. Furthermore, in the event that, in the course of the investigation procedure, PB Online Srl requests that the Seller accept the return of a Product Sold, or repair and/or replace it with another Product, and the Seller refuses to accept such return, repair or replacement, PB Online Srl might resolve the procedure in favour of the Purchaser.

- C.13.8 In any case in which the Customer Protection Plan hereunder is applied, the Seller undertakes to hold PB Online Srl and the Companies Within the Group harmless and indemnified against any liabilities and refund and/ or compensation claims arising from or related to the investigation and/or the decision relating to the dispute submitted to the Customer Protection Plan.

In the event that the Product is not available, the user can request to be informed when the Product is available again by activating the “Contact me when available” (“Avvisami quando disponibile”) tool, by selecting the relevant option on the Product Page, in the Cart, and the page containing the list of Products. If the user has requested to be informed the same will receive an email in the event that the Product becomes available within one hundred and eighty (180) days following the date of submission of the relevant request. The request to be informed of the Product's availability neither implies the obligation to purchase it nor constitutes a reservation and/or order of the same.
- 5.3 La disponibilità dei Prodotti viene monitorata e The Products' availability is monitored and

updated. However, since the Website can be visited concurrently by more than one user, it might occur that more users purchase the same Product at the same time. In such circumstance, the Product could, for a short time, be indicated as available whilst it is sold out instead, or not immediately available, since it would be necessary to receive new stocks of it.

- 5.4 Should the Product be no longer available for the aforesaid reasons or in other cases of supervening unavailability, without prejudice to the rights inuring to the benefit of the user by law, and most notably Chapter 14, Title 2, of the 4th Book of the Italian civil code, the Seller will promptly inform the user through the specific messaging system provided by the Platform under Art. 15 below. Therefore, the user will be entitled to terminate the contract immediately, without prejudice to the right to claim the damages under Art. 61, 4th and 5th paragraph of the Consumer Code. The termination of the purchase contract under this paragraph results in the termination of the credit contract connected to it, if existent. Alternatively to said termination right, and without prejudice to the same, the user can accept one of the following solutions proposed by the Seller:
- (i) in the event that new stocks of the Product are available, a postponement of the delivery term, with indication of the new delivery term for the Product obtained with the new stocks;
 - (ii) in the event that it is not possible to receive new stocks of the Product, the supply of another product having the same or a higher value, after payment, in the latter case, of the difference, and with the user's express consent. The user will promptly inform the Seller of his or her decisions through the specific messaging system available on the Platform under Art. 15 below.
- 5.5 In the event that the user exercises the termination right under Art. 61, 4th and 5th paragraphs, of the Consumer Code, and the payment of the total amount due, inclusive of thPB Online Srl of the Product, the delivery expenses, if applicable, and any other further charges, as indicated in the order form ("Total Amount Due") has already been made, the Seller will refund the Total Amount Due without undue delay, and in any case, within 14 business days of the termination of the contract. The user will be informed of the amount of the refund through the Platform messaging system under Art. 15 below, and credited to the same instrument of payment used by the user for the purchase. Any delays in said transaction may depend on the bank and/or the type of credit card used. The termination of the purchase contract under the articles above results in the termination of any other contract ancillary to that terminated.
- 5.6 With reference to orders concerning more than one Product ("Multiple Order"), if the supervening unavailability concerns some Products only among those included in the Multiple Order – without prejudice for the rights inuring to the benefit of the user as set forth by law, and most notably by Chapter 14, Title 2, 4th Book of Italian civil code,

and save for the application of Articles 5.4 and 5.5 above, should the supervening unavailability concern all the Products included in the order form - the Seller will promptly inform the user through the specific messaging system under Art. 15 below. Therefore, the user will be entitled to terminate the contract immediately, exclusively in connection with the Product(s) no longer available, without prejudice to the right to claim the damages, pursuant to Art. 61, 4th and 5th paragraph, of the Consumer Code. The termination of the purchase contract under this paragraph results in the termination of any ancillary contract related to the same that has been partially terminated, exclusively in the event that said ancillary contracts are related to the Product(s) no longer available. Alternatively to said termination right, and without prejudice to the same, the user can accept one of the following solutions proposed by the Seller:

- (i) in the event that new stocks of the Product(s) indicated in the Multiple Order that are no longer available become newly available, a postponement of the delivery terms for said Products, with indication of the new delivery terms for the same;

11.6 Se l'utente recede dal contratto, il Venditore If the user withdraws from the contract, the Seller will proceed in refunding the Total Amount Due paid by the user for the Product, including delivery expenses, with the additional costs deriving from the possible user's choice to use another delivery method other than the (less expensive) standard delivery offered by the Seller, without undue delay and any case within and no later than 14 calendar days of the date the Seller was informed of the user's decision to withdraw from the contract. The refund will be made using the same payment instrument used by the user, unless the user has agreed otherwise. In case of partial withdrawal for Multiple Orders, the quantification of the delivery expenses to be refunded to the user as a result of his/her exercise of the withdrawal right in connection with the Products shall occur as specified in Article 10.3 above. In any case, the user will not bear any expenses as a consequence of said refund.

The Seller can suspend the refund until the same receives the Products, or until the user provides evidence, if occurring previously, that the Products have been reshipped.

11.7 The user is solely liable only for the value reduction of the goods resulting from the handling of the Product other than that strictly necessary to establish the nature, features and functioning of the Product. The Product shall anyway be kept, handled and examined with ordinary due diligence and

returned intact, complete in all its parts, perfectly functioning, equipped with all accessories and illustrative sheets, with the identification tags and labels, and single-use seals, when present, still attached to the Product, intact and not tampered with, as well as perfectly suitable for the use for which it was intended and without signs of wear or soiling. Furthermore, the right of withdrawal applies to the Product in its entirety. Therefore, it cannot be exercised in relation to parts and/or accessories of the Product. In the event that the package of the Product contains the serial code of the same, such as, for example, in case of electronic devices,

the package constitutes part of the product and consequently the Product must be returned in its original package, which shall be put in another parcel, as it is not possible to add any further label or tape to such package.

The Product Page will contain express indication whether the original package is to be considered part of the Product for the purposes of the exercise of the right of withdrawal.

11.8 If the withdrawal is not exercised in accordance with the applicable law, it shall not lead to the termination of the contract and, as a consequence, shall not constitute the right to any refund.

The Seller must inform the user through the messaging system offered by the Platform under Art. 15 below within 5 business days of receiving the Product, rejecting the request for withdrawal.

The Product will remain at the Seller's premises and will be available to the user for collection, which will take place at the expense and under the responsibility of the user himself/herself.

11.9 In case the Product for which the right of withdrawal has been exercised has undergone a reduction in value resulting from the handling of the Product other than that strictly necessary to establish the nature, features and functioning of the Product, the refund sum will be reduced in the amount of the value reduction.

The Seller will inform the user of this circumstance and of the consequently diminished refund amount through the messaging system of the Platform under Art. 15 below within 5 business days of the receipt of the Product, providing the user, in case the refund has already been remitted, with the bank details for the payment of the amount due by the user as a consequence of the value reduction of the Product.

11.10 In the event that, should one of the circumstances set forth by law (e.g. supply of sealed audiovisual or software products opened by the consumer) occur, the right of withdrawal does not apply. This exemption shall be expressly and specifically indicated on the Product Page and, in any case, during the purchase process, before the user proceeds with the placement of the order.

12. Legal Guarantee of Conformity

All products sold on the Website are covered by the legal guarantee of conformity under Articles 128-135 of the Consumer Code ("**Legal Guarantee**").

To whom it applies

The Legal Guarantee of Conformity is reserved for consumers. It therefore applies solely to users who

have made the purchase on the Website for purposes other than entrepreneurial, commercial, craft or professional activities. With reference to users who have made purchases on the Website and are not consumers, the warranty covering defects in the products sold, the warranty for absence of promised or essential qualities, and the other warranties set forth by the Italian civil code, with the relevant terms, limitation periods and restrictions will apply.

When it applies

The Seller (and, therefore, with regard to purchases of the Products indicated on the Website as "sold and shipped by the seller") is liable vis-à-vis to the consumer for any lack of conformity existent at the time of delivery of the product and which shows up within two years of the said delivery. The user shall notify the Seller of the lack of conformity within two months from the date at which the assumed lack of conformity was discovered; failure to do so will result in the loss of such right. Unless proven otherwise, it will be presumed that the lack of conformity that emerges within six months from the delivery of the product already existed at that date, unless this hypothesis is incompatible with the nature of the product or with the nature of the lack of conformity. Starting from the seventh month following the delivery of the product, the burden of proof to demonstrate that the lack of conformity already existed at the moment of delivery of the product will lie with the consumer. In order to take advantage of the Legal Guarantee, the user must therefore provide proof of the date of the purchase and delivery of the good. It is therefore advisable, to prove the purchase, for the user to keep the order confirmation or the invoice, as well as the transport document or any other document that certifies the date of the purchase (such as the credit card statement or the bank statement) and the delivery date.

What a lack of conformity is

Lack of conformity exists when the purchased good:

- is not suitable for performing the function for which goods of the same type are normally used;
- does not conform to the description provided
- by the Seller and does not possess the features that the Seller presented to the consumer as a sample or model;
- does not display the features and performance that are normal for a product of that type, which the consumer could reasonably expect,

Note 6- Insert the information required under Legislative Decree No. 49 of 14 March 2014, and notably clearly indicate a) the Seller's gathering places or the agreed places where the end user can dispose of equivalent WEEE, free of charge and without incurring costs than those that the same would reasonably bear in case of non-distance sale; or b) the collection modalities at the same delivery place, free of charge and without incurring further costs than those that the same would reasonably bear in case of non-distance sale; c) in the case under b), the procedure that will be followed; the collection service terms; should the WEEE not correspond to the type of the new Product purchased, the WEEE collection service will be provided by payment, or will not be provided; should the user exercise the right of withdrawal in connection with the new Product purchased, and the WEEE collection service has not been provided yet, it may be provided or not; should the user exercise the right of withdrawal in connection with the new Product purchased, and the WEEE collection service has already been provided, the costs of disposal may be charged to the user or not.

considering the declarations made in the advertising or on the labelling;

- is unsuitable for the specific use desired by the consumer, who informed the Seller at the time of the execution of the contract, with the latter expressing its acceptance of the situation.

The Legal Guarantee does not cover faults or malfunctioning caused by accidental incidents or due to the user's responsibility or by use of the product that does not comply with its intended use and/or the information contained in the technical documentation accompanying the product.

Solutions available to the user

In case of lack of conformity duly reported within the prescribed term, the user is entitled:

- firstly, to the repair or free replacement of the product, according to his or her preference, unless the requested solution is objectively impossible or excessively expensive with respect to the other one;
- secondly (in cases where repair or replacement are impossible or excessively expensive or where repair or replacement have not been made within an adequate term or where the repair or replacement have caused significant inconvenience to the consumer), to the reduction in the price or to the termination of the contract, according to the preference of the user. The requested solution is excessively expensive if entails unreasonable expenses for the Seller compared to alternative solutions, considering (i) the value that the product would have if there was no lack of conformity; (ii) the entity of the lack of conformity; (iii) the possibility that the alternative solution can be achieved without significant inconvenience for the consumer.

What to do in case of lack of conformity

In the event that a product purchased on the Website, in the period in which the Legal Guarantee is effective, shows a lack of conformity, the user must inform the Seller through the specific messaging system of the Platform under Art. 15 below.

The Seller will promptly reply to the communication of the presumed lack of conformity and instruct the user as to the specific procedure to be followed, also in consideration of the product classification to which the Product belongs and/or of the defect reported.

On the basis of the type of product, the Seller will inform the user if:

- (i) the Product can be sent to the Seller for the purpose of being sent to the competent service centre; or
- (ii) if onsite assistance service is provided. It is understood that the Seller will be liable for

the application of the Legal Guarantee in connection with the Products.

In the case under point (i) above, the Seller will collect the Product and send it to the competent service centre. In the case under point (ii) above, instead, the Seller will arrange with the user a suitable date for the provision of the assistance service onsite.

In any case, the competent service centre will do the checks required in order to verify the existence of the reported lack of conformity. In the event that the lack of conformity is confirmed, if the user has chosen, among the solutions available, to have recourse to the repair service, the service centre will proceed in repairing the product.

Conversely, if the user has chosen to have the product replaced, and such solution is not objectively impossible or excessively burdensome compared with the repair, the Seller will replace the Product. If the service centre confirms the existence of the lack of conformity, all repair/replacement expenses, if any, and the expenses related to the transport of the product to the service centre will be borne by the Seller. Should the service centre not confirm the lack of conformity, the Legal Guarantee does not apply, and consequently transport and repair or replacement expenses, if any, will be borne by the user. The Seller will inform the user as to the circumstance and the costs arising in connection with the repair or replacement of the product. The Seller reserves the right to send the quotation issued by the service centre to the user, so that the latter may decide whether to have the product repaired or replaced at his or her expenses or not. The user shall authorise the repair or replacement at his or her expenses in writing. As a consequence of said acceptance, a direct relation will be established between the service centre and the user, from which the Seller will be totally excluded, and in connection with which the same will not shoulder any responsibilities.

In any case, the repair or replacement of defective Products, if due, will be made in the shortest possible time, and save for exceptional circumstances or force majeure, within 60 calendar days of the date of receipt of the defective product by the Seller. Should the replacement or repair originally chosen not be made within said term, the user may request any of the alternative solutions set forth by the Legal Guarantee (replacement, in the event that the solution requested was the repair; repair, in the event that the solution requested was replacement; a price reduction or termination of the contract).

The Seller reserves the right to request that the user attaches the invoice relating to the order to the request to avail him/herself of the Legal Guarantee.

13. Conventional Manufacturer Warranty

13.1 The products sold on the Website may, according to

Note 7 - Insert the Seller's address (addressee, street, No, city/town, postcode, country) where the withdrawal notices must be sent and, should the Seller accept the withdrawal also by phone/fax, the relevant phone/fax number.

their nature, be covered by a conventional warranty issued by the manufacturer (**“Conventional Warranty”**).

The user can only assert his/her right to the warranty with the manufacturer. The duration, extension (including geographic extension), conditions and procedures, the types of damage/defects covered and the possible restrictions of the Conventional Warranty depend on such manufacturer and are indicated in the so-called warranty certificate contained in the product package.

The Conventional Warranty has a voluntary nature and does not replace, restrict, prejudice and/or exclude the Legal Warranty.

13-bis Customer Protection Plan

13bis.1 The Seller offers users who have purchased a Product (“Purchasers”) the possibility of activating an alternative claim resolution plan named “Customer Protection Plan”, which enables the Purchaser to submit, on an exclusive basis, to the decision of PB Online Srl - VAT No. 12429590966 – a claim made by the Purchaser vis-à-vis the Seller (“Customer Protection Plan”). The Customer Protection Plan is offered free of charge, and consequently the Purchaser will not be charged any expenses in connection with the same.

13bis.2 The terms and conditions regulating the access to and activation of the Customer Protection Plan, including any detailed information on said service, are available to the user in the specific section of the Website; in any case, they will be provided to the Purchaser also after the execution of the purchase contract on the Website, in attachment to the order confirmation email.

13bis.3 The Customer Protection Plan does not replace, restrict or prejudice, and does not exclude the rights and reliefs inuring to the benefit of the Purchaser by law (and most notably the right of withdrawal and the legal guarantee of conformity under the Consumer Code – see, in particular, Sections 52 et seq. and 128 et seq. of the Consumer Code), right and reliefs from which the consumer at the conditions set forth by law, may always benefit, and does not replace, restrict, prejudice and/or exclude any rights, reliefs, Conventional Warranties and/or Additional Assistance Services by Payment from which the Purchaser may benefit. Without prejudice to the foregoing, upon submission of the request concerning the activation of the Customer Protection Plan, the Purchaser is bound and undertakes to communicate whether the same has already concurrently activated some of the reliefs among those set forth by law and/or these General Conditions of Sale. In any case, the Purchaser is aware and accepts that the same cannot receive any double indemnities, refunds or compensations inuring in his or her favour.

14. Marketing of Services Provided by Third Parties

14.1 The Seller, in partnership with third parties (“Third Parties”), may offer users the possibility of purchasing, through the Website, services provided by said third parties (“Services Provided by Third Parties”) at the conditions set forth by those Third Parties and contained in the relevant general conditions made available to the user before the purchase of said services, and that the user is required to read in order to purchase them.

14.2 The Services Provided by Third Parties are by payment, and consequently the user is charged the relevant cost. Said cost, any further details on the services, the companies offering them and the modalities in which the same can be activated and/or benefited from will be provided during the purchase procedure, before the user makes the relevant purchase.

14.3 In case of purchase of a Service Provided by a Third Party on the Website, in the event that the user is a consumer, the same will be entitled to withdraw from the contract with the modalities set forth by Articles 11.2, 11.3, 11.4 and 11.4-bis above, without the need to specify the reasons of his or her decision, and without having to incur other costs than those indicated at Article 14.4 below, within 14 calendar days of the date of receipt by the same of the email containing the activation code for the Services Provided by Third Parties and/or indicating the modalities in which the user can benefit from the same. Attached to the email containing the activation code for the Service Provided by a Third Party, the user will receive the applicable Model Instructions of Withdrawal and Model Withdrawal Form. To the extent that they are compatible, the provisions under Articles 11.6, 11.8 and 11.10 above apply.

14.4 If the performance of the Services Provided by Third Parties purchased by users through the Website can start before the expiry of the withdrawal period under Art. 14.3 above, and the user exercises the right of withdrawal after submitting the such request, the user, pursuant to Art. 57, 3rd paragraph, of the Consumer Code, pays to the Seller, unless otherwise agreed, a sum in proportion of the services carried out until when the user informs the Seller of his or her decision to exercise the right of withdrawal, with respect to all the performances set forth by the contract. The pro-rata amount due by the user to the Seller is calculated on the basis of the total price agreed in the contact and indicated in the order confirmation email, and is communicated to the user through the specific messaging system offered by the Platform under Art. 15 below.

15. Customer Service and Complaints

15.1 The user can request information, send communications or submit complaints to the Seller through the specific messaging system of the Platform, to which the user can have access through the reserved area of his or her personal account. Unless the law provides for otherwise, all the other communications between the Seller and the user in connection with the purchase of the Products will be

made using the same system.

- 15.2 The Seller will reply to complaints by way of the messaging system provided by the Platform under Art. 15.1 above within the maximum period of two days of the date of receipt of the same, without prejudice to what set forth by the Customer Protection Plan under Art. 13-bis above.

- 16.4 Pursuant to Art. 141-sexies, 3rd paragraph of Legislative Decree No. 206 dated 6 September 2005 ("Consumer Code"), the Seller informs the user who is a consumer according to Art. 3, 1st paragraph, letter a) of the Consumer Code, that, in cases where a dispute between the consumer and the Seller could not be settled further to a complaint submitted directly by the consumer to the Seller, the latter shall provide the consumer with the information about the Alternative Dispute Resolution entity or entities (so called "ADR entities", as set forth by Articles 141-bis et ss. of the Consumer Code) for consumer disputes stemming from a contract executed pursuant to these Terms and Conditions of Sale, specifying whether or not the Seller itself will make use of the relevant ADR entities to settle the dispute. Furthermore, the Seller hereby informs the user who is a consumer according to Art. 3, 1st paragraph, letter a) of the Consumer Code, that a European platform for online dispute resolution for consumer disputes (so called "ODR platform") has been established. The ODR platform is available at the following address <http://ec.europa.eu/consumer/odr/> ; through the platform the consumer could find a list of the ADR entities and relevant link to their websites, as well as start an online dispute resolution procedure for resolving his/her dispute. EXHIBIT 5 – INFORMATION ON THE PROCESSING OF PERSONAL DATA (PRIVACY POLICY) FOR MARKETPLACE CUSTOMERS (EXHIBIT 5.A) AND INFORMATION ON THE PROCESSING OF PERSONAL DATA (PRIVACY POLICY) FOR THE SELLER (EXHIBIT 5.B)

EXHIBIT 5.A

PRIVACY POLICY PURSUANT TO ART. 13 OF LEGISLATIVE DECREE No. 196 OF 30 JUNE 2003 (“PERSONAL DATA PROTECTION CODE”)

Recitals

The following privacy policy has been drawn up pursuant to Art. 13 of the Personal Data Protection Code, by PB Online Srl s.r.l., in relation to personal data provided by users when accessing and/or registering on the website www.eprice.it (“Website”) or when making a purchase on the same Website. PB Online Srl is the owner of the Website, where it operates as a provider of registration and sales services.

The Website hosts an IT platform, designed and managed by PB Online Srl, which also allows access to third-party sellers, other than PB Online Srl (“**Third-party Sellers**” or “**Sellers**”), and purchasers for the purpose of buying and selling goods and/or services online (“Platform”). The Platform houses the MarketPlace, namely, the virtual space created and run by PB Online Srl, where Third-party Sellers can offer and sell their products and complete related purchasing contracts with users. The Third-party Sellers are identifiable by clicking on the Seller’s name in the product sheet selected by users or, should the same product be offered by several Sellers, by clicking on the Seller’s name in the section “Other Sellers”-“Altri Venditori”, in the product sheet selected by users.

Therefore, on the Website users can purchase products sold by PB Online Srl or by Third-party Sellers, after registering on the Website.

As a provider of the registration service, seller, manager of the MarketPlace, and sole party in charge of identifying and implementing the technical and organisational procedures that govern the processing of the personal data stored on the Platform, **PB Online Srl** assumes the role of “**Data Controller**”, in compliance with Art. 4, 1st paragraph, letter f) of Legislative Decree no. 196/2003 (“**Personal Data Protection Code**”)¹, of personal data provided by users on the Website for the purposes set out in point 2 indicated below.

With regard to the personal data provided by users at the time of purchasing a product from a **Third-party Seller** - as identifiable by clicking on the Seller’s name in the product sheet selected by users or, should the same product be

offered by several Sellers, by clicking on the Seller’s name in the section “Other Sellers”-“Altri Venditori” in the product sheet selected by users - the Third-party Seller will assume the role of autonomous “**Data Controller**” for processing **personal data provided by users on the order form** – except for the e-mail address – **exclusively** in order to perform **activities related to the completion of the online purchase and to fulfil administrative and accounting obligations** arising for the Seller from the execution of the contract. The Seller will acquire such data only after completion of the online purchasing procedure. For the same purposes, the Third-party Seller will also be the autonomous Data Controller for any personal data provided by users in any correspondence that users may send to the Seller concerning post-sales activities, via the messaging system on the MarketPlace (most notably, through the sections “Contact the seller” – “Contatta il Venditore”, “Evaluate the Seller” – “Valuta il Venditore” and “Request a return” – “Chiedi un reso”).

The following privacy policy is provided, pursuant to Art. 13 of the Personal Data Protection Code, in connection with the processing of personal data provided, gathered or, in any case, processed through the Website, also with reference to all Third-party Sellers, - as identifiable by clicking on the Seller’s name in the product sheet selected by users or, should the same product be offered by several Sellers, by clicking on the Seller’s name in the section “Other Sellers”-“Altri Venditori” in the product sheet selected by users - each time the user purchases a product from a Third-party Seller, and not from PB Online Srl, **for the activities described in the following points 1 to 7**, as better specified below.

1. Data Controller

The Data Controller for the processing of personal data is PB Online Srl Operations s.r.l., a company with sole quotaholder, registered office at Corso Venezia 45 - 20121 Milan (MI), Italia, VAT No./Tax Code 12429590966. **With exclusive reference to the case of purchase of a product sold - on the MarketPlace - by a Third party Seller** - as identifiable by clicking on the Seller’s name in

note¹ Data Controller”: the natural or legal person, public administration or any other organisation, association or body responsible, even jointly with another data control

the product sheet selected by users or, should the same product be offered by several Sellers, by clicking on the Seller's name in the section "Other Sellers"- "Altri Venditori" in the product sheet selected by the user - **the Third- party Seller will assume the role of autonomous Data Controller** for the user's personal data provided on the order form (except for the e-mail address that will not be acquired by the Seller in any way), and any correspondence related to the online purchase, exchanged via the messaging system of the MarketPlace (notably, through the sections "Contact the seller" – "Contatta il Venditore", "Evaluate the Seller" – "Valuta il Venditore" and "Request a return" – "Chiedi un reso", accessible to the user registered on the Website). In this case, the following provisions of this privacy statement will apply, also to the Third-party Seller:

- point **2** (Purpose of processing) **only for the purposes referred to in letters (b) – execution of the contract and post-sales assistance - and (c) - administrative and accounting activities - and in the paragraph "sensitive data"**;
- point **3** (Provision of data and consequences in the event of failure to consent to processing) **only for the purposes referred to in letters (b) and (c) of point 2**;
- point **4** (Data processing methods);
- point **5** (Disclosure of data) **limited to points from (v) to (viii)**;
- point **6** (Data Storage), **last paragraph**;
- point **7** (Right of access to personal data).

Moreover, even if not registered, users will be able to send requests for information or explanations about the products on sale on the Website. - e. with only reference to the e-mail addresses provided by the user when purchasing a product or a service offered and sold on the Website by PB Online Srl

directly, to allow the direct sale of similar products or services without the need for the explicit prior consent of the data subject (as per Article 130, 4th paragraph, of the Personal Data Protection Code), and provided that the user does not exercise the right of objection as described in point 3 below (so called. "**soft spamming**");

- f. upon the user's prior explicit consent, to allow PB Online Srl to process the user's consumer choices and purchasing habits by identifying the type and frequency of purchases made on the Website, in order to send information and/ or advertising materials of specific interest to the user by e-mail and to improve the proposals sent by PB Online Srl (so called "**profilazione**").

It should also be noted that:

Authentication Credentials

PB Online Srl will process the registration data in order to offer the user registered with the Website the opportunity, if the same wishes, to register with one of the following websites: www.eprice.it, where PB Online Srl operates as a provider of a registration and sales service and as the data controller for processing the personal data of registered users, using the same registration credentials as the Website ("Websites Powered by PB Online Srl "). Recommendations before starting

The term “offer” means the possibility of offering to clients, on the website, one or more products from your catalogue; therefore, as a first step, we suggest that you always try to upload some offers, to check if the products are available in the MarketPlace catalogue.

Through the “Search” page contained in the section **“My inventory > Add offer” / Il mio inventario > Importa offerte da file**, you can check which products are available in order to create your offer.

Create Products

If, during searching, you have not found the product for which you wanted to create an offer, you can create a new product in the catalogue, through the following tool: **“My inventory > Import offer from file” / Il mio inventario > Importa offerte da file**

We advise that you carefully read the full-version manual before creating products or, in any case, that you contact us.

Manage Orders

If an order received by the platform contains one or more of your products, the platform will alert you with an email. You will be granted access to the back-office and will have to go to **“My orders > Orders to be processed” / I miei ordini > Ordini da elaborare**

The platform enables you to manage the order processing status, until indication that it has been shipped, insert the tracking number, upload documentation, such as the transport documents and invoices, etc.
